

## MEMBERS' CHARTER

### LOCAL CONSORTIUM WALES (LCW)

#### A Strategic Members' Charter

Local Consortium Wales (LCW) joined forces to offer their unique version of construction services to clients within Wales, including the 21<sup>st</sup> Century School Programme. The members believe that their mix of disciplines, resources, experiences and locations offer an unrivalled capability that will add economic value to clients within Wales, whilst supporting their local communities and supply chains.

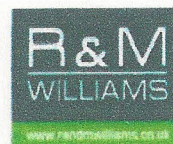

The Consortium believes that its common approach to a client and project focused service allows it to provide a holistic and uniform service to clients that uses the strongest attributes from across the members. This is reinforced through members' commitments to aspire to the highest standards within the Consortium.

Members hereby commit to the following principles and activities:

- To form a commercial vehicle to provide a contracting service where each member has an equal voice
- To ensure that the best service is provided to customers, based upon client requirements and expectations with an honest and open approach
- To share best practice to raise the level of service and efficiency of all members to the benefit of all member customers
- To appoint trainees and apprentices and encourage local employment within our communities
- To nurture our local supply chains to provide best value within our construction teams and to mobilise the combined buying power of our members to the benefit of our customers
- To share appropriate resources within LCW so that clients get the best service that the combined resources of members can provide
- To engage with professional bodies, advisors and designers to deliver innovative construction solutions to meet the requirements of the 21<sup>st</sup> Century
- To promote LCW to customers throughout Wales as the organisation with a low carbon footprint using local SME contractors, thereby reducing our customers' impact on climate change
- To work together with the chosen framework manager to provide a common level of service and capability across Wales
- To pay in equal shares any costs agreed and incurred in operating LCW
- To review the membership and resources annually in light of client requirements and expectations
